

## Father's Day

Father's Day is on the third Sunday in June. Last year, in the morning, I went to the gift shop to buy a gift for my dad with my brother, Aiden.

In the gift shop, I saw a key ring. I said, 'How about this key ring? It is cute! I like it.' Aiden said, 'It is too cute. I don't think Dad will like it.' 'How about this wallet?' I replied, 'It is so cool. Let's buy it.' We were excited.

In the evening, we gave the wallet to Dad after dinner. Dad felt over the moon. He said, 'Thanks a lot. I like it so much!' We were as happy as clams.

I hope my dad can be happy every day.
