

Father's Day Celebration

It was Father's Day last Sunday. I celebrated Father's Day with my family. It was wonderful.

In the morning, I went to the kitchen quietly and cooked breakfast for my dad with my mum. I fried an egg for my dad by myself. When my dad woke up, he was surprised. Dad said, 'Did you make all that by yourself?' I replied, 'Yes!' He ate the egg and said, 'It is yummy!'

In the afternoon, we went to a restaurant and had lunch. We ate a lot of food and drank some water. The food was good. When we finished the main course, Dad asked, 'Are we ordering dessert?' I wanted to say yes but Mum said, 'No, we will eat dessert after dinner.' After having lunch, we went to a park to play. We played tack together. It was so fun.

In the evening, we went to another restaurant to have dinner. We ate spaghetti and I ordered a can of cola. Then, we had ice-cream for dessert.

Yum! What a fantastic day!
